Local Development Plans

This section reports on the local development plan for your area, produced by the Local Authority. It is important to know the policies and proposals in the development plan because these steer future land use and development. We have identified the land use policies and proposals specific to your area and they are shown in the maps in this section.

The Adopted Plan has been through a public inquiry and is the Statutory Plan for your area. The Deposit Plan is the latest draft currently available, and is likely to eventually replace the Adopted Plan (although further revised drafts of the Deposit Plan may be issued at some future point before it is formally adopted). By reporting both, we give you the existing policies and proposals for your neighbourhood as well as the new policies and proposals which will apply in the future. In some instances, we report only one of the two plans.

The red numbers in the table indicate the number of 'Adopted' plans or 'Deposit' plans that have been identified on site, within 0-25m or within 25-200m respectively.

Land Use Designations on site or within 200m

Your property is within a conservation area (See Deposit and Adopted Plans)

Note:

Where a development plan policy covers an area which includes the property, it is classified as "on site" only in the above summary.

The 'Adopted' plan is the formally adopted, statutory plan for the area.

The 'Deposit' plan is the latest draft plan published by the local council.

'-' means there is no plan of that type for the search area.

On site is defined as being at, or within 25 metres, of the centre of the search.

Local Development Framework

The Local Development Framework is a group of documents that outline how planning will be managed in your area. This section reports on the documents which form part of your local LDF, produced by your local Authority. From the available documents, we have identified the land use policies and proposals specific to your area and they are shown in the maps below. These details are used by your Local Authority to steer future land use and development.

The Adopted Plans are the statutory plans for your area. The Submission draft documents are the latest drafts currently available, and are likely to become Adopted Plans in the future (although revised drafts may be issued before they are formally adopted).

By reporting both status of plan, we give you the existing policies and proposals for your neighbourhood as well as the new policies and proposals which may apply in the future. If there are no Submission draft documents available we only report the statutory Adopted Documents (if the Local Authority has published them).

People

The predominant family type for this area is:

Young Singles, Couples and Students in Urban Areas

These are predominantly urban neighbourhoods, concentrated around inner city, near-centre or more suburban locations where population volumes are nearly 1.6 times higher than they are across the nation as a whole. These areas reflect a mixture of owner occupied and privately rented housing. Households occupying flats and terraced housing are common, with accommodation being smaller and valued much lower than the average. These are young areas with populations aged between eighteen and thirty, with most in their twenties. There is a marked absence of family households and there are significant student populations, which account for the high levels of educational attainment. Some have recently left university and still living in the same areas but are now following their new career. Those that have already found employment are currently engaged in a mixture of professional, administrative and manual labour. The number of directors within this populace directly reflects the national average, with unemployment levels similar to the norm. There is a higher than average readership of quality newspapers and general interest magazines. Given the more urban location of these neighbourhoods, car ownership is typically low with residents often walking and cycling to their place of work or study. These consumers are quite credit hungry and they exhibit relatively high levels of credit risk.

Average Property Price

The average property price in this postcode is from:

£270,086 - £307,665

The average price bands are calculated by EuroDirect using the latest available data from Her Majesty's Land Registry. They represent a snapshot in time as at the most recent date.

Theft Insurance Claim Rating

An insurance claims rating has been generated for theft. This rating is derived from the number of insurance claims in your postcode sector since 2000.

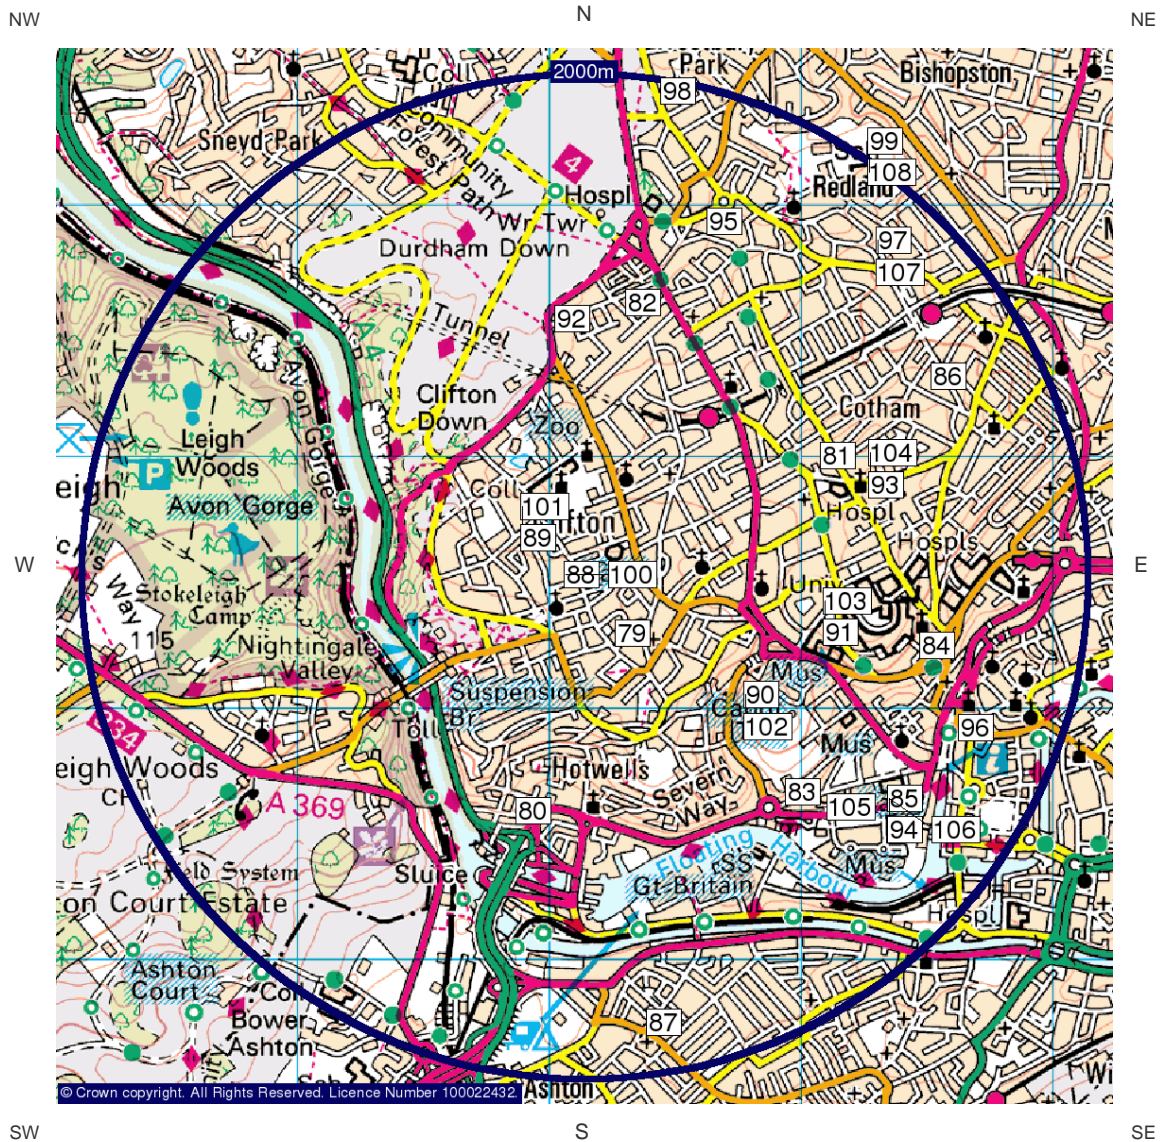

Risk Rating: High Risk

Footnote:

As a guide an indication of the risk rating would be as follows:-

- "High Risk" is a sector with more than 6 claims per 1000 households
- "Medium Risk" is a sector with between 3 and 6 claims per 1000 households
- "Low Risk" reflects few claims with less than 3 claims per 1000 households
- "Very Low Risk" indicates no claims records

The figures may be the result of one event or cumulatively over time and are indicative only. A sector may appear to have a higher risk due to repeated claims on a single property or group of properties.

The information in this Plansearch report must be read in conjunction with the User Guide, which can be found on the Landmark website (website details on Contents page).

If after reading the report you require further information, please contact the relevant organisation, listed in Contacts section. Please note, however, that the contacts are not in a position to advise how the details may affect the value of the property. You should discuss the findings of this report with your professional advisor.

Planning Applications

The raw planning application information is supplied by Barbour ABI, derived from local authority weekly planning lists.

Location

Each application is identified in accordance with the address provided by the local authority. Where this address is incomplete, an approximate location has been inferred. A location accuracy code is given for each application.

'Good' indicating location to the actual site.

'Fair' indicating location adjacent to the site.

'Approx' indicating location on the road of the site, typically within 300m.

'Wider Area' indicating location within the geographical locality or road, typically within 1km.

'Multiple Sites' indicating that the application relates to multiple sites.

Road, Rail, Utility & Large Developments

Applications for road, rail, utility and large development often do not have definite addresses but are identified by general descriptions (eg, "Land adjacent to Haven Road", "Kings Cross" or "Cross Rail"). It is possible the single address point reference will not be found within the search area, even though much of the actual development site falls within it.

Decisions

We track local authority decisions for large applications as "refused" "withdrawn" or "approval granted". However, if an application concerns you, we would strongly advise you to find out more from your local planning authority (see Contacts section). For example, where an application is refused, it may subsequently be granted on appeal, so the indication we provide on decisions is not necessarily the final word. Also, we assume that where Barbour ABI indicate that a contract has been granted, the application has also been granted, but in a few instances this may not be the case.

Tenders

Some findings in the Planning Applications section may be shown as being a tender or contract. This usually indicates that a Planning Application has already been submitted.

Land Use Policies and Allocations

Land Use policies are derived from the proposals maps of development plans, which are produced by local authorities. Development plans go through a series of consultation stages where the plan is known as a "deposit" version. When it is "adopted" the plan becomes the statutory policy basis for the area covered.

This report includes the mapped policies of both the adopted plan and the latest deposit plan. Only the basics of each mapped policy are reported. The local development plan includes detailed explanations of all policies and proposals, many of which are unmapped and so are not included in this report.

We recommend that you contact the local authority (see Contacts section) if anything reported in this section is of concern to you, or if you would like further information about the development plan policies.

Land Use Policies Classifications

Land use policy classifications differ between local authorities in the way they are represented in development plans. We have standardised different types of land use and development into 10 classes for ease of use.

Housing	Residential and other housing developments. Includes redevelopments and conversions
Transport	Transportation including planned corridors for new roads, minor and major road and rail alterations and a range of cycle, pedestrian and parking policies.
Open Land	Includes greenbelt nature conservation areas, Sites of Special Scientific Interest (SSSI), Areas of Outstanding Natural Beauty etc.
Heritage Environment	This will often indicate a conservation area, where special development control rules will apply.
Town Centre & Retailing	As well as urban shopping areas, this includes retail servicing areas.
Industrial and Commercial	Includes commercial development sites, offices, warehouses, hotels, business and industry.
Community & Social Facility	Health, education, sport, leisure, social areas and allotments.
Waste, Pollution, Mineral, Water & Energy	Includes waste processing and utilities (including sewerage) and potential development hazard areas.
Settlement Limit	Indicates boundaries to built areas.
Other (including Mixed Use)	Areas and sites not covered by above classes. Includes mixed use and special policy areas and sites.

Local Authorities and Council Services

District Councils are responsible for services, which normally include housing, development planning and control, environmental health and refuse collection.

County Councils are responsible for services, which normally include education, social services, roads and highways, traffic and transportation waste disposal sites, recycling, libraries.

Unitary Authorities are normally responsible for the services of both district and county councils. National Parks have their own statutory planning powers and responsibilities.

Many other services, however, are provided by the different types of councils stated above.

Mobile Phone Masts

This section identifies mobile phone masts from the website www.sitefinder.ofcom.org.uk as recorded at December 2006

Rights of Way

This section shows Ordnance Survey mapping with footpaths, bridleways and other rights of ways indicated.

Neighbourhood Information

Housing and Population

This gives a breakdown of home ownership in the area (privately owned, mortgaged and rented, council or housing trust rented) and the type of housing in the area (detached, semi detached, terrace maisonette, flat). Also shown is the average property price for the area and a summary of the socio-demographic profile of the local populace - These data are provided by Eurodirect. Also within this section, the relevant local authority is provided, along with details of council tax bands and how they compare nationally - HMSO Crown Copyright Data.

Education

The nearby state and private primary schools, secondary schools, further and higher education establishments are listed. In England, examination performances are also reported where provided by the relevant authority. These data are HMSO Crown Copyright.

Crime

This section gives the relevant police force for the area, along with some selected crime statistics compared to national averages - HMSO Crown Copyright. Additionally a theft insurance claims rating is provided, this data is provided by Eurodirect.

Search Code

IMPORTANT CONSUMER PROTECTION INFORMATION

This search has been produced by Landmark Information Group Ltd, Imperium, Imperial Way, Reading, Berkshire, RG2 0TD. Telephone: 0844 844 9966, Fax No: 0844 844 9980, email: helpdesk@landmark.co.uk which is registered with the Property Codes Compliance Board (PCCB) as a subscriber to the Search Code. The PCCB independently monitors how registered firms maintain compliance with the Code.

The Search Code:

- Provides protection for homebuyers, sellers, conveyancers and mortgage lenders who rely on the information included in property search reports undertaken by subscribers on residential and commercial property within the United Kingdom.
- Sets out minimum standards which firms compiling and selling search reports have to meet.
- Promotes the best practice and quality standards within the industry for the benefit of consumers and property professionals.
- Enables consumers and property professionals to have confidence in firms which subscribe to the code, their products and services.

By giving you this information, the search firm is confirming that they keep to the principles of the Code. This provides important protection for you.

The Code's core principles

Firms which subscribe to the Code will:

- Display the Code logo prominently on their search reports.
- Act with integrity and carry out work with due skill, care and diligence.
- At all times maintain adequate and appropriate insurance to protect consumers.
- Conduct business in an honest, fair and professional manner.
- Handle complaints speedily and fairly.
- Ensure that all search services comply with the law, registration rules and standards.
- Monitor their compliance with the Code.

COMPLAINTS

If you have a query or complaint about your search, you should raise it directly with the firm, and if appropriate ask for your complaint to be considered under their formal internal complaints procedure. If you remain dissatisfied with the firm's final response after your complaint has been formally considered, or if the firm has exceeded the response timescales, you may refer your complaint for consideration under The Property Ombudsman scheme (TPOs). The Ombudsman can award compensation of up to £5,000 to you if it finds that you have suffered actual loss as a result of your search provider failing to keep to the Code.

Please note that all queries or complaints regarding your search should be directed to your search provider in the first instance, not to TPOs or to the PCCB.
